## Carries Fight To People in Talk Tonight

Tells Congress Missile, Aircraft Cuts Impossible

WASHINGTON AP—President Eisenhower told Republican legislative leaders today he "would not want to assume responsibility for the security of the country" if Congress cuts funds for missiles and aircraft.

The President made this observation at his regular weekly White House meeting with GOP congressional leaders.

House Republican Leader Joseph W. Martin Jr. told newsmen after the 90-minute meeting that the President expressed alarm at reports that a House Military Appropriations Subcommittee has made cuts in the Defense Department's missiles and aircraft program.

EISENHOWER WILL try to enlist public support for his whole \$71,800,000,000 budget in a nationwide TV-radio speech tonight. It will be carried live over four radio and one TV (NBC) network at 6 p.m. P.D.T. and by film over two other TV networks (CBS and ABC) at 8:15 p.m. P.D.T.

Martin said the President expressed himself at today's meeting strongly against any cuts in the missiles - aircraft program. Martin quoted him as saying he "would not want to assume responsibility for the security of the country" if such cuts are made.

SENATE REPUBLICAN Leader William E. Knowland said he agreed completely with the President on this subject. Knowland called the missiles and aircraft program "our greatest guarantee of peace." He said aggressors started World War II and the Korean conflict because "they thought we were too weak to strike back."

"As long as the Communists maintain their strong military position," Knowland said, "this is not the time for the United States of the Free World to weaken its defenses."

Knowland told reporters the President discussed with GOP leaders the "broad scope" of tonight's budget talk. But the President devoted most of his time, Knowland said, to urging the GOP leaders to prevent any severe cuts in the defense budget.

KNOWLAND AND Martin also said the President stressed the importance of an adequate budget for the U.S. Information Agency and the State Department to help counter Communist moves in the cold war.

Knowland, often at odds with Eisenhower on budget matters, said he agreed with the President that "some of the cuts" made by the House in USA and State Department appropriations should be restored by the Senate.

The congressional leaders said they also discussed with the President the flood insurance bill passed by Congress last year.

The House cut 50 million dollars from the administration's budget requests to get this program started. Knowland said the Senate would "try to restore at least part of this." He mentioned the possibility of a 14 million dollar program.

## Caletric Rate Hearing Not Set

City Manager Robert W. Peterson reported to the City Council yesterday that the hearing has not been set on the rate increase which has been applied for by California Electric Company, and it will not be set until the company files its exhibits with the Public Utilities Commission.

Peterson said that the commission has notified the city that it would not take any action on the matter until the rate structures are brought before the PUB and the city would be notified when the hearing is scheduled.

## SUN RESULT ADS COULD START NEW BUSINESSES

Results mean good business, and the results you get with Desert Sun Classified Ads can develop a mighty profitable business for you "once in awhile" merchants.

Sun Ads almost made Mrs. Daniel Newton think of opening an appliance store when she advertised her electric range and television set for sale.

"We got so many calls I told my husband we should go down and get more television sets," Mrs. Newton reported. "We could sell them all."

So maybe you don't want to open a store—but if that old TV set is just collecting dust, why just pick up the phone, dial 5005, The Desert Sun, and ask for "CLASSIFIED"

MR. AND MRS. JACK MEISELMAN, right, present a pledge card for \$2,000 to campaign chairman Ernest Alschuler for the new Desert Museum building, as Museum director Dr. Clarence Smith looks on. Alschuler said that "gifts of this

caliber, of which there have been many, and supplemented by a large number of smaller gifts, will bring the campaign nearer its successful conclusion." (Desert Sun Photo).

## Height of Walls To Be Planning Subject May 15

Second hearing on a new ordinance regulating height of walls, fences and plantings was today scheduled for 3 p. m. tomorrow by the City Planning Commission.

DESIGNED TO eliminate blind or obstructed intersections, the new height regulation proposes limitation of walls and shrubbery to insure unrestricted vision for vehicular traffic.

The ordinance was initiated by the commission at the request of the Palm Springs Safety Council, following a Council survey on dangerously obstructed intersections on routes traveled by school buses.

Scheduled for 3:15 p. m. tomorrow is first hearing on change of zone from R-1 to R-3 on property located on the south side of Tachevah Drive, between Via Miraleste and Avenida Palos Verdes.

THE APPLICATION was submitted by David E. Rose and the Palm Springs Medical Clinic. Docketed for continuance at 3:30 p. m. is the hearing on Cal-electric's request for a conditional use permit allowing construction of an electrical distributing substation on the south side of Mabrey Road, 500 feet east of the Palm Canyon Drive centerline.

## 30 Pints of Blood Donated at Visit Of Blood Bank

Responding to urgent requests for extra donors, Palm Springs residents yesterday donated 30 pints of blood to the Riverside-San Bernardino two-county blood bank.

Hospital Director Robert Henwood asked donors to exceed the quota because of the quantities of blood used in the recent treatment of a critically injured auto accident victim.

"I want to thank everyone for the wonderful cooperation the community has shown in its response," Henwood said this morning.

Henwood reminded Villagers that the mobile blood bank will make only one more visit to Desert Hospital before suspending operations for the summer.

## Deadly Flurry of Floods, Tornadoes Subside in South

By UNITED PRESS A deadly flurry of floods and tornadoes subsided today in the South, but heavy rain storms continued to batter much of the northern two-thirds of the nation.

At least 11 persons have been killed in storms during the past two days, six of them in flood-ravaged Texas.

Four persons drowned and another was missing in a flash flood that caused damages estimated at from \$1,500,000 to \$2,500,000 at Lampasas, Tex. A rancher was killed by lightning near Hico in Central Texas Monday.

A CAR-BUS COLLISION Sunday night on the fog-shrouded Ohio Turnpike killed four persons and a woman was killed in a windstorm that lashed Memphis, Tenn., Monday.

No rain of consequence fell in Texas today for the first time since last week. Sulphur Creek in Lampasas was back in its banks and mopping up operations were under way. The flood destroyed 38 homes in the community of 7,700 population near Waco and 95 per cent of the business section was damaged or destroyed.

About 250 persons were evacu-

ated in Dallas, but authorities said the Trinity River was expected to begin falling to end the threat of further flooding in the city.

TORNADIC WINDS pounded Tennessee, Arkansas and Texas Monday, and another wind storm with gusts up to 70 miles per hour ripped Sioux City and Council Bluffs, Iowa, during the night.

An unconfirmed tornado at Memphis, Tenn., killed Mrs. Marie Garney Benson, 38, and collapsed a two-story brick building, injuring two construction workers. Mrs. Benson was struck on the head by a chunk of concrete torn loose from a building by the storm.

At Conway, Ark., 21 persons, including nine pupils at an elementary school, were injured when a tornado raced through the community, tearing into a school and several business buildings.

A SQUALL LINE whipped into Iowa, tearing down trees and power lines in Sioux City and Council Bluffs. No injuries were reported in the storm.

Forecasters said it will be fair and colder today in New York, Pennsylvania and New England and fair and warmer in the southern Rockies and the Texas Panhandle. Little change is expected elsewhere.

## State of Siege Lifting Studied By Colombia

BOGOTA, Colombia AP—Colombia's new military junta studied today how soon it could lift the state of siege imposed by ousted President Gustavo Rojas Pinilla.

Brig. Gen. Juan B. Cordoba, secretary of the junta, said Monday night the order definitely would be rescinded and the only question was one of timing.

Cordoba said there would be no confiscation of the property of the deposed president and Rojas was free to the country at any time. He arrived in Spain Monday.

Cordoba introduced foreign newsmen to members of the junta and said the government would grant complete constitutional freedom.

He said the "official newspaper" established by Rojas had been shut down and all opposition newspapers that had been closed by the former president could publish again.

Both the Conservative and Liberal parties expressed satisfaction with the representation given them in the new Cabinet by the military junta. It is the first time since 1949 the Liberals have been in the government.

## Sanborn to Be Candidate for Freeholder Board

City Councilman Jerry Sanborn was today named as the Palm Springs candidate for election to the board of freeholders.

Sanborn and 14 other candidates from all parts of Riverside County will be recommended for inclusion on the freeholder's ballot at a meeting tomorrow of the County Citizens Committee for Charter Government.

The meeting is scheduled for 7 p.m. at the Ranch Club, with Chairman R. A. Coverdale presiding.

The committee will receive the names of the 15 candidates recommended by subcommittees from all parts of the county. Candidates will be endorsed as a slate to be elected June 11.

Two other desert area candidates, proposed by valley area subcommittees, will also be recommended, giving the desert sector three representatives on the board.

### Dave Beck Resignation Requested

Public Relations Firm Requests President to Resign

WASHINGTON AP—Public relations advisers to the Teamsters Union have recommended that Dave Beck step out of the union's presidency at least temporarily, informed sources said today.

The recommendations were submitted to Teamsters Vice President Einar Mohn and, these sources said, are probably being considered by Mohn and four other vice presidents at a meeting here today.

TONY SMITH of the public relations advisers said they made "specific recommendations of what we feel is best for the union from a public relations standpoint," he would not confirm any details.

The recommendations call for Beck to "step aside" until charges against him and disclosures by the Senate Rackets Committee are disposed of or "settled, one way or the other," the sources said.

SO FAR BECK has not backed down from his announced intention to run for re-election at the union's September convention.

But the recommendations submitted today could pave the way for election of a new president at that convention.

### Friends Pay Final Tribute to Bill Rashall at Mass

Hundreds of mourners filled Our Lady of Solitude Catholic Church to capacity this morning as funeral services were conducted for newsmen Bill Rashall.

The well-known, 49-year-old reporter, columnist, promotion and advertising manager died of a heart attack while working at his desk in The Desert Sun office Friday.

Burial at the new Palm Springs Cemetery followed the Requiem Mass held at 10 a.m. today. Rosary services were conducted at Wiefels and Son Mortuary last night.

Temporarily this morning as autos carrying family and friends of the prominent newsmen arrived at the Aljejo Road church.

Dozens of mourners stood on the church porch and steps to view the service, unable to find space inside the church as the Mass was conducted.

Immediately after the service, a long, silent line of autos filed out to the cemetery.

### Indian Land Sale Charge Refuted

Charles German, director of the local Bureau of Indian Affairs, today challenged a charge by Councilman Jerry Nathanson that the current Indian land sale "was a fraud."

Nathanson told the City Council yesterday at its luncheon meeting that the Bureau did not point out in its announcement of the sale of four parcels of local land, that prospective purchasers could not secure title to the land because of legal claims against it, and did not give the appraised value of the land.

THE COUNCILMAN pointed out that in one case a parcel of land is offered for sale in the middle of a section and no street access is provided, and asked the council to direct the City attorney to draw a resolution protesting the sale as the bids are now qualified.

In a release from the local Indian Bureau this morning, German answered the charges made by the councilman, saying:

"Jerry Nathanson, City Councilman, has accused the Bureau of Indian Affairs of fraud in connection with an advertised sale of Indian lands. The land offered for sale comprises 83 properties in seven counties in California. Only four of these properties are in Palm Springs or vicinity. No other protest has been voiced."

"Although Mr. Nathanson bases his accusation of fraud on his

statement that: 'Prospective bidders have not been advised that they cannot get good title,' the invitation to bid specifically says: 'Agua Caliente (Palm Springs) allotted lands in this sale are covered by the notice filed with the Office of the County Recorder, Riverside County, by Oliver O. Clark, and his associates of the pendency of the action entitled Segundo, et al vs. United States, et al, Case No. 11882-WM-Civil, in the United States District Court for the Southern District of California, Central Division. For any problems concerning the effect of this notice, we suggest that you consult your title company.'

"The above is, of course, good and adequate notice of a pending action and such pending action does not preclude the giving of good title."

"As to the one parcel of land which does not have access to a street, the owner has indicated her willingness to grant a right-of-way to a purchaser over her adjoining lands to a street."

"It has been the Bureau's experience that better prices are obtained in such sales when appraisal figures are not advertised, and it is the Bureau's paramount desire to obtain the best prices possible for the Indians. Neither Mr. Nathanson nor any one else outside the Bureau has knowledge of the Bureau's appraisal figures."

### Britain's Suez Capitulation Brings Rebellion in Parliament

By UNITED PRESS Britain and Egypt moved today along the slow and twisting path toward full restoration of their pre-Suez relations, but the move brought open rebellion in the British Conservative party and a new Labor attempt to bring down the government of Prime Minister Harold Macmillan.

The Laborites asked for a vote of confidence Thursday on Britain's newest "capitulation" to Egypt's President Gamal Abdel Nasser and hoped the Conservative party revolt would help them force new parliamentary elections.

DIPLOMATIC SOURCES in Cairo said current economic negotiations between Egypt and Britain would open the way later for restoring full diplomatic relations but they said the process would be a lengthy one. The two nations began economic talks in Rome during the next two weeks.

Egyptian sources hoped the first step would be the thawing out of 2000 million dollars in pounds sterling frozen by Britain at start of the Suez crisis. Egypt will now get some of those funds in British canal tolls.

THE BRITISH decision to use the Suez Canal on Egypt's terms brought reports from Jerusalem

that Israel would try to send a cargo through the canal in a chartered ship to test Egypt's blockade at the first opportunity.

But Israeli sources said the nation would hold up its plans to send an Israeli-owned vessel through the canal while U. N. Secretary General Dag Hammarskjöld tries to soften the Egyptian attitude. Israel has warned Egyptian attempts to halt the ship would be taken as an "act of war."

Israel did not make it clear what it would do if the Egyptians stopped its cargo.

## Approach of Vacation Season Ups Second House Interest, Realtors Say

With the vacation season approaching, more and more Palm Springs families are giving serious thought to the purchase or rental of a "second house" in the recreational area of their choice, Theresa Press, retiring president of the Palm Springs Real Estate Board, reported today.

"The growth in the ownership or regular rental of a second home by more and more families has been a dramatic but little-noted characteristic of current American life," Mrs. Press asserted. "It is the result of a number of favorable factors—our prolonged prosperity with peak employment and high incomes, the national trend toward longer paid vacations, and better roads that cut the driving time from a family's permanent to its vacation home."

MRS. PRESS CITED official U.S. Census Bureau figures to show that the country is on the threshold of entering what may be an era of the "two-house family." According to Edwin Stoll, Director of Public Relations for the National Association of Real Estate Boards, with reference to the 1950 Census, there were more than a million seasonal dwelling units, a gain of more than 50 per cent in the decade of the forties. Estimates are that this number has increased by approximately half a million since 1950.

While it is known, he added, that about nine out of every 10 seasonal dwellings are summer or winter vacation homes, there is no break-

down between those that are owned and those that are rented.

THE TREND TOWARD a second or "vacation" home has been notable up to now in urban areas in close proximity to traditional American recreational areas, Stoll said. He cited as an example the heavily populated "urban strip" between New York City and Boston which has placed one out of every eight homes in Maine and New Hampshire in the seasonal class.

There are sound reasons to believe, however, that the trend to a second or vacation home will become national," Mrs. Press maintained. "For one thing, virtually every part of our country has adjacent to it some notable recreational area. Many people in Palm Springs take their vacations at the seashore or the mountains close by, but increasing numbers are going farther afield."

"THROUGH OUR membership in the National Association of Real Estate Boards, we Realtors of Palm Springs can get in touch with Realtors in any vacation area in the country to help Palm Springs families buy or rent the vacation accommodations they are looking for without loss of time or effort."

## Southland Tourist Business Up Despite New Competition

In the face of a flood of competition, Southern California continues to build up its tourist business. A total of 1,372,000 visitors came here during the last Winter and Fall seasons and spent \$305,119,000 while here, the All-Year Club reported today. This was a gain of four per cent over the year before.

Arthur C. Stewart, president of the All-Year Club, delivered the travel report to the board of directors of the Southland's community advertising organization meeting at the Los Angeles Biltmore.

**HE SAID THE** nearly two million tourists arrived during the six months from last Sept. 1 to March 1. The All-Year Club research department has just completed a survey of thousands of questionnaires mailed to these people after they returned home, asking particulars of their trips.

"We have fewer visitors during the Fall and Winter seasons—last year they amounted to only about 43 per cent of the whole year's total, whereas the Spring and Summer brought us nearly 57 per cent," Stewart explained.

"But they spent more heavily. The Winter visitor, for example, spent an average of \$179 as compared to \$129 for those in Summer. "Thus their spendings bulked up to better than a quarter of a billion dollars for this segment of our year's business."

**LAST YEAR THE** total spendings for the 12 months were \$594,751,000, which was the second highest for the 35 years during which the All-Year Club has been building the community tourist business.

This was accomplished, Stewart

said, in the face of a rapidly rising flood of competition.

"Florida is pouring out millions of dollars in tax money, trying to lure our travel business to Florida, instead," Stewart explained.

**"WE HAVE COUNTED** 24 different Florida advertising campaigns financed by tax funds, all of them aimed at our potential business. Florida state has a budget of \$1,100,000. Other campaigns are financed by Florida counties and Florida cities.

## Supreme Court Takes Under Advisement New Attempt by Chessman to Escape Death

WASHINGTON (AP)—The Supreme Court has taken under advisement another in a long series of legal maneuvers by convict-author Caryl W. Chessman to escape the gas chamber at California's San Quentin Prison.

Chessman was convicted in 1948 on 17 counts, two of them carrying the death penalty, involving robbery and attempted rape in Los Angeles lovers' lanes. He has evaded the gas chamber for nine years by various legal actions, much of the time acting as his own attorney.

IN ARGUMENTS before the Supreme Court Monday, Chessman, represented by San Francisco attorney George T. Davis, maintained he had been deprived of due process of law.

Davis charged that an "inebriated" relative of a Los Angeles prosecutor was hired to transcribe the notes of a dead court reporter on Chessman's original trial. He asked the court to order a new hearing to "determine the validity and adequacy" of the trial record.

HE SAID THAT "if it is established that the deceased reporter's old style shorthand notes are in fact not decipherable and that no true, complete and correct transcript of the trial can be prepared from them," Chessman should be released.

William Bennett, deputy attorney general for California, asked the court to put an end to what he called the "interminable litigation."

**MARRIED SATURDAY** afternoon at St. Theresa's Catholic Church were Marrian Walters, Playhouse leading lady, and director Michael Ferrall. They were photographed at the reception which was held at Producer Herb Rogers home on San Lorenzo Road. (Vic Culina Photo).

## Ferrall-Walters Wedding at St. Theresa's on Saturday

In an informal ceremony at St. Theresa Catholic Church Saturday afternoon, Marrian Walters, leading lady of the Palm Springs Playhouse, and director Michael Ferrall said their marriage vows before Father Michael O'Donohue.

The two, who have frequently costarred in Playhouse presentations, were married in the presence of about 75 friends. The statuesque blonde bride, who was given in marriage by John Lucareni, husband of the Playhouse Guild president, wore a sheath gown of white cluny lace, with short flared veil, and carried a wedding bouquet of yellow roses. She was attended by her sister Mrs. Martin Neumuntz who came from New York for the wedding. The matron of honor wore pale blue and carried an arm bouquet of blue iris. Best man was William Booth of Claremont, and ushers were Dan Flax and Jack Clarke.

Ida Keeney played the organ accompaniment for the singing of Tony Romano.

The wedding reception was held at the San Lorenzo Road home of Producer Herb Rogers, who is in Highland Park getting ready for the opening of his summer season there.

The wedding collation, prepared by Pappy Landfield's catering service, was supervised by his assistant Mario.

## Costello's Ranch Home Party Scene

Usually quiet Clancy Lane was filled with cars Saturday night as Dr. and Mrs. John Costello hosted their annual Mexican party, with "champagne y frijoles," at their ranch home.

Flares lighted the lane entrance and the familiar sight of two stuffed dummies in an old buggy atop a fence post, greeted the arrivals.

Lee Palacios' musicians played as the guests assembled in the patio, and two bars and a buffet table were set up around the patio. Ham and salami, chili beans and tortillas, guacamole and other dips were on the buffet.

Guests were in South of the Border costumes, including many authentic examples of Mexican and South American outfits. Mrs. J. Darsie Lloyd wore a brilliant skirt and blouse, all beaded, embroidered and sequined, with a long black wig under sombrero. Mrs. Emma Gale came as a caballero, and Earl and Kay Cordrey were in toreador garb, as was Don Bleitz. Dolph and Kay Obergfel chose western wear. Randy Christie was a Spanish don, and Peggy was his senora, wearing a beautiful black lace shawl from Spain, and a mantilla over her Spanish costume.

Among the other guests were the Costellos' houseguests Dr. and Mrs. Lee Duncan and the Lloyd Duncans. And: Bill Bannermans, B. J. Sanchez, Frank Bogerts, Wally Brunmarks, Babe Churchill and her houseguests the Eric Barclays, the Henry Dollards, Millie Eisenman, Pearl McManus, Evelyn Schiff, Co Thorntons, Gus Kettmanns, Ed Fallgrens, Ed Houghtons (they came home from the Visitadores ride a day early to attend the party), Ruth Hardy, Janet Essroger, and Al Hunts, Gene Kegleys, Eddie LeBarons, John McClures, Harold McAlisters, Howard Morris, George Berkeys, Hank Gogerty.

## Early Day Romance in Padua Play

The romance of Early California comes to life once more with the presentation of "Conchita" by The Mexican Players at Padua Hills Theatre near Claremont.

Authentically adapted from the pages of history by Padua Hills Theatre Director Eligio Herrera, the play dramatizes the story of Conchita's disappointment in love, which may have changed the fate of California.

"Conchita," a story of gayety amidst music, features Casilda Amado, one of the most colorful dancers ever presented at Padua Hills Theatre. She returns to the stage after an absence of nearly a year though she has been dancing regularly in the Padua Hills Dining Room.

Mexican Players featured in the production in addition to Miss Amador are Francisco Velazquez, Conchita Gallardo, Herrera, Maria Abundiz and Rogelio Alfaro.

Colorful dances of the Early California period are also presented with the authenticity of all Padua Hills productions.

"Conchita" will run for six weeks through June 22. It will be presented nightly at 8:30 p.m. Wednesday through Saturday with matinees Wednesday and Saturdays at 2:30 p.m.

Padua Hills Dining Room featuring The Mexican Players in songs and dances is open daily except Mondays for luncheon and dinner. Reservations may be made at LYcoming 5-1228.

## Around Town

with Hildy Crawford

The Racquet Club added more colorful scenes to its book of memories . . . as it said "hasta la vista" Sunday night . . . at the end of its 23rd season . . . Members and guests, invited to dress in a "suppressed desire" theme . . . came up with some unusual and amusing ones . . .

Charlie Farrell had that "end-of-the-season" look in a turkish towel and big straw hat from Puerto Rico . . . but Virginia, in black gown with long gloves and diamonds, was still the "hostess with the mostest" . . . Jimmy Morton was most amazing with three heads . . . and Collette Hearst as Princess Grace and Vicki Malouf as the Fairy Queen, with jeweled wand and crown, were among the beauties . . .

Most startling was Bill Powell's expression of his suppressed desire . . . even though it was not very noticeable at first glance . . . Bill had shaved off that trademark moustache . . . as he's been wanting to do for years . . . and his comment was "Now, I know I'm retired" . . . Mary Jane Hicks and Carmen (Mrs. Skinnay) Ennis were an enchanting pair of French maids . . . in brief costumes . . .

Jack Meiselman, who said he's always wanted to be tall . . . wore a pair of elevator shoes and a crew cut toupee . . . while his wife came as a glamorous blonde . . . George Nadir, the young movie star, wore an alarming wig and woebegone outfit in the "after taxes" theme . . .

Vivian Austin was a charming little girl, carrying daughter Angela's little straw handbag . . . Ted Grouya was a Tramp with a monocle . . . The Warren Slaughters were dressed for safari . . . He with a gun and she with a butterfly net . . . Jeanne Hull was an apache . . . Dorothy Gray, a geisha girl, and Harry Joe Brown was wearing a toupee . . .

One of the most exciting couples at the party were Edie and Alden Ogle . . . She was the girl who "dreamed she went to the party in her Maidenform bra" . . . and he went with her . . . wearing top hat and tails but no trousers over his white shorts . . .

It was a fun evening . . . and the crowd lingered late . . . for the last possible dance to Teddy

Isabel Prom has sent out invitations to around 160 . . . for a 9 Hole Scotch Sixsome . . . which will start out at 3:30 p.m. and wind up for cocktails and chuckwagon at the Prom home on the Ninth Fairway at Thunderbird . . .

To start out . . . the hostess plans to have all the women's names in a hat . . . and if a man draws his wife's name . . . he gets a second draw . . . The Sixsome means that each player will get every third shot . . . instead of every second one . . . and this could be most amusing . . . The party's on May 23 . . .

The Committee of Twenty Five dinner Thursday night . . . which was supposed to be the last until next fall . . . turned out to be such a success . . . that it was decided to hold one more . . . next Thursday night . . .

## SPORTS PARADE TODAY'S

By OSCAR FRALEY  
United Press Sports Writer  
Reg. U. S. Pat. Off.

NEW YORK (AP)—With Jimmy Demaret it's not how old you are but how old you feel, which is why the golfing grandpappy has the sprouts nibbling on their nibbles as they look forward today to the U.S. Open.

Rainbow Jimmy will be 46 or 47 or 48 two weeks hence. The first is his current figure; the second is admitted in his autobiography and the third comes from close friends.

But jovial James has just finished polishing off the Hot Springs Open by playing 12 under par through four rounds to capture his third tournament of the year and now he has designs on the Open as a present for his two grandchildren.

The way he's playing, he just may do it, too. And remember that at Iverness in Toledo, where the Open will be staged June 13-15, the unusual always seems to happen.

WHEN IT FIRST was held there in 1920, Ted Ray at 43 became the oldest winner. When it was staged there again in 1931, they came up with the longest playoff as Billy Burke beat George Von Elm in 72 holes.

The way he is playing, Demaret has to be a good bet even though—like another old gaffer named Sam Snead—he never has won it. Jimmy should have in 1948, when he came in with a new record of 278. But while he sat in the clubhouse, Ben Hogan came through with a winning 276.

In the surprise which attended Jimmy's two earlier triumphs this spring, at Palm Springs and Baton Rouge, Demaret came up with a technical explanation that it was all due to a change in his grip. Actually it was a change in his grip on life.

DEMARET ALWAYS has been golf's No. 1 laughing boy. I remember a night before he was to play in the semi-finals of the PGA. At 3 a.m. he still was sitting up liquid touches with the boys and led a foul shooting contest—using young Walter Hagen's white calf-skin shoes and a giant silver bowl half full of potato salad.

The next day he was rubbed out rather rapidly. Passing it off nonchalantly, he coined one of his most widely-used expressions:

"Oh, well, in at four—out in 40." Now, as befits one of golf's elder statesmen, he still has the zest but the extreme exuberance has been brought under control. Considering that he always had the game, he remains one of those to beat. And in the Open they must hole them all, so easy-going James won't be beating himself by conceding so many putts, as he has done so often in the past.

## 3 Indians Place In CIF Finals in Diving, Swimming

By ANDY BARKER

John Cunningham of Palm Springs High School, is the third best high school diver in Southern California.

Competing with the top divers in the California Interscholastic Federation, southern division, finals at El Camino Junior College Friday, he took third place.

Cunningham competed in the Varsity division.

Bob Gellerman, also of the Indian tank squad, is the fifth best diver in the Southland in the Bee division of the CIF. He was fifth in competition in that class.

Nelson deJesus finished fourth in Southern California Cee division swimming finals in the 50 yard free style event.

The Varsity division diving title was won by Dan Lichty of Coachella Valley high.

Tomorrow afternoon at Palm Springs High, the annual Inter-class swimming meet will be held.

Wayland Reynolds is high school swimming coach and Bob Larson, diving coach.

## Akins and Sandy to Battle on May 24

WASHINGTON (AP)—Virgil Akins of St. Louis and Randy Sandy of New York have been signed for a 10-round middleweight fight at the Capitol Arena May 24. The bout replaces a lightweight contest between Paoli Rossi and Joey Lopez, which was cancelled because Rossi injured his hand in a bout last week.

## Del Mar to Have Turf Racing, Too

DEL MAR (AP)—Del Mar race track revealed today that its infield turf, now under construction, would be ready for the July 24 opening of its summer meeting. The track will become the second race track in the Far West to feature grass course racing. Santa Anita pioneered turf racing four years ago.

# Pony and Colt League Drills Scheduled to Start Tonight

## Play Starts In 2 Weeks For Ponies

Call was issued today to boys who want to play either in the Pony League or the Colt League to turn out tonight at the Polo Grounds for the first practice session of the 1957 season.

Practice time is set for 5 p. m. to 7 p. m., according to Howard Haddock, City Recreation Department superintendent.

Pony League candidates must be in the 13-14 of age bracket and Colt Leaguers must be in the 15-16 years old bracket.

Herb Rauch and John Marinko, managers, are asking for help in any way with these two teams. All boys must bring their birth certificates with them when they come down tonight.

Pony League play starts the first week in June, Haddock said and Colt League play is slated to start in two weeks.

The Elks Club, for the third straight year, will co-sponsor the baseball teams with the City Recreation Department.

## Bloodiest Race May Be Banned

ROME (AP)—The outgoing cabinet of Italian Premier Antonio Segni today was considering a proposal calling for a "revision" of all road-racing in Italy, including closed circuit events.

Horrified by the death of 13 persons in Sunday's Mille Miglia race, Italy's minister of transport, Armando Angelini, made his recommendation to the cabinet's inter-ministerial committee for automobile racing.

The minister's proposal is expected to be accepted by the racing committee and could lead to a total ban on the Mille Miglia, which has a 27-year history of bloodshed.

## Dorish of Seals Leading PCL in ERA Averages

SAN FRANCISCO (AP)—Crafty Harry Dorish (4-2) of the San Francisco Seals was proving today to be one of the most effective pitchers in the Pacific Coast League by leading the circuit in earned runs allowed and innings pitched.

As of last week's series, the chunky hurler had given up a stingy ERA of 1.56 in 56 frames. Ben Daniels (5-0) of Hollywood led in victories but also had given up the most walks, 27.

Strikeout honors were shared by Curt Raydon (3-2) of Hollywood and Bud Daley (3-0) of San Diego with 35 apiece. Daley has since been recalled by Cleveland.

Bob Anderson (0-6) last year's great relief pitcher for Los Angeles, and now with Portland, led in defeats.

Stu Locklin, San Diego Padre outfielder, retained his lead for the batting title with a .379 average despite a nosedive of 14 points during the week.

Frank Kellert of San Francisco led in runs batted in with 24 and hits, 43.

Home run honors were shared by Steve Bilko and Jim Baxes of Los Angeles with seven apiece.

## Local Yokels Tourney Set for Next Week

Entries for Annual Event at O'Donnell Close on Saturday

Dates for the Local Yokel golf tournament were announced by Larry Sitter, manager of O'Donnell Golf Club where the event is annually staged, as next Tuesday and Wednesday, May 21 and 22.

Sitter said that all entries for the event must be in his hands at the Golf Club by the evening of Saturday, May 18.

The event will be staged over the 36-hole route as usual.

Defending champions are Bruce Koploy (0-15) who last year won low net honors with a 36-hole card of 123, and Jack Tooke of Tamarisk Country Club, who won low gross in the 0-15 class with 136. Tooke recently took his third straight title at Tamarisk.

## Score's Future In Baseball May Be Known Today

CLEVELAND (AP)—The question of whether Cleveland pitcher Herb Score will resume his baseball career may be answered today if physicians "get a good look" at the retina in his injured right eye.

Doctors, headed by Cleveland specialist Dr. Charles Thomas, viewed part of the retina Monday. Score's eye was injured last week when he was hit by a line drive off the bat of New York Yankee Gil McDougald.

"Whether he'll have full vision can be determined only after we get a good look at the retina," he said. "We may get a good look at the important center portion of the retina today."

After the examination Monday, the bandage was removed from Score's left eye which was not damaged when Score was struck in the face by a batted ball last Tuesday. He however was fitted with a pair of black, pin-holed glasses.

The physician said that if the retina was not detached and no complications developed, Score could be out of the hospital in a week or ten days.

## Brennan May Shift Notre Dame Style

## IRON LIEGE LOOMS AS FAVORITE IN PREAKNESS

BALTIMORE (UP)—Eddie Arcaro's blast at Bold Ruler, two withdrawals and a fine workout indicated today Iron Liege will be the favorite Saturday when "Maryland, My Maryland" signals the start of the 81st Preakness.

Here's how Iron Liege, surprise winner of the May 4 Kentucky Derby, surged to the fore as "Preakness Week" began Monday at the old Pimlico track:

Gallant Man, second in the Derby, was withdrawn from the \$100,000 added Preakness because he hasn't recovered from his Derby tussle with Iron Liege.

Gen. Duke, the Calumet Farm colt who missed the Derby because of a sore left front foot, worked a mile between the first and second races and pulled up lame. Trainer Jimmy Jones said the colt re-injured the foot, would not run in the Preakness and would be taken out of training "indefinitely."

Iron Liege, who gave Calumet its sixth Derby triumph when Gen. Duke went lame, followed his stablemate on the track and produced one of the fastest workouts in Pimlico history. Although throttled down by jockey Oliver Cutshaw through the last furlong, he did a mile in 1:37 4-5, only one-fifth of a second off the track's 34-year-old record.

Arcaro then had to whip Wheatley Stable's Bold Ruler, a poor fourth in the Derby, to defeat Inswept by a length in the mile and one-sixteenth Preakness Prep. Bold Ruler's time was a snappy 1:43 3-5. Arcaro wasn't impressed. Convey was a distant last in the field of three.

Probably not more than seven will run in the Preakness. Besides Iron Liege and Bold Ruler, Federal Hill, Inswept, Nah Miss and Promised Land appear fairly certain to start. Cain Hoy Stable will decide later in the week whether it will send One-Eyed King down from New York for the race.

After today, the Indians still have Beaumont to meet.

Other games today send Beaumont, (5-0) to Coachella (5-0) in a game which may decide the RCL 1957 baseball title.

The winner is expected to go on for the bunting.

Banning (2-3) goes to Elsinore (1-4) and Hemet (2-3) is at San Jacinto (1-4) in the fourth game today.

After today, the Indians still have Beaumont to meet.

However, Club President Calvin Griffith said Dessen's new duties will not be limited to talks with major league clubs.

"Charlie will be visiting minor league teams in the higher classifications as well as major league cities," Griffith pointed out. "He will negotiate for players through trades, purchases and other available means."

Dessen was fired as manager of the Senators only last week.

## Two Fires Cause \$1,050 Damage

Two fires were reported during the weekend, one causing an estimated \$1,050 damage.

Early Monday morning, the apartment of Melodie Hohns, 330 South Palm Canyon Drive, was discovered blazing, and was quickly extinguished by police officer Bob Johnson just before the arrival of the fire department.

There had been a large amount of smoke damage, and some furniture was completely destroyed.

According to Captain Chet Goff, the fire started from a lamp cord.

The other fire was reported Sunday morning at El Encanto Hotel when firemen extinguished a blaze on a roof around a heater vent.

Firemen reported approximately \$50 damage to the roof, but did not estimate the damage to the heater unit.

An all day tour and meeting of Coachella Valley Grape Growers will kick off the 1957 season on May 29 when two new grape cooling plants will be placed on public view for the first time.

Growers and packers will visit the Paganas plant at Mecca and the Barry plant at Indio, both of which are equipped for forced air cooling by the new method, designed to cool fruit in about a third the time required by more conventional methods.

In the afternoon, the group will meet at the Roosevelt School in Indio for talks by Harold Angier, general manager of the California Grape and Tree Fruit League; Harold Rogers, editor of Western Fruit Grower; Maurice Solt, local representative of Safeway Produce; and Hilton Richardson and Dick Schutt of the University of California.

NEW EAGLE SCOUTS Jim Lubach, 16, 3811 Camino San Miguel, and Eugene Theriau, 18, 434 Santa Catalina, show off their pins received at a Court of Honor at the Frances Stevens School. Robert Hillery acted as master of ceremonies for the Eagle ceremonies and presented the boys with the highest award offered by the Scouts of America. Each boy had exactly 21 merit badges, the minimum amount to secure the award. Lubach is in Troop 39 and Theriau is in Troop 118. In other ceremonies, 38 boys received special cards for achievements, 16 became second class scouts, 11 advanced to first class and 11 received merit badges. The affair preceded a pot-luck dinner which was attended by 200 parents and friends. (Desert Sun Photo).

## THOUSAND PALMS

By IZETTA HUNT

Fifty members of The Shangri La Property Owners' Association enjoyed a social evening of cards and refreshments at the Desert Moon Ranch at Thousand Palms. The social committee, including Mesdames Bowman, Sloper and Grey, arranged the entertainment, and Mr. Kranz, president, presided at a short meeting. This is the first affair of a series that the Property Owners have planned for the future.

Mr. and Mrs. L. A. Chapman are motoring into Los Angeles in a few days before leaving for Illinois for the summer, after spending this past season at the El Desencano Motel in Shangri La Palms.

Mr. and Mrs. Mervin Smith and baby daughter, from Cabazon, have moved into the Beachy residence.

Mr. and Mrs. Warren Mills, accompanied by their daughter, Mrs. Nickolas, and her daughter, Joan from Banning, motored to Norwalk Sunday to attend the annual Wood County, Ohio, picnic, and to meet old friends of Mr. Mills, who grew up in Wood County.

After seven years at the Cafe

in Thousand Palms, known as Marlowe's, Mary Jane Marlowe has sold out. After Mr. Marlowe died it proved too large a business for her to operate. She sold her interest to Mr. and Mrs. Joseph De Fen, a retired Navy man, from New Jersey. Joe and Herline took over the operation of the cafe on May 1, and are now living in Shangri La.

Noel Rosefelt left for Catalina to open his Oriental Shop there, and Mr. and Mrs. Grossman will join him there later for the season.

Mr. and Mrs. Wendell Ward and family from Torrance were guests of her brother and family, the Chester Williams, over the week-end.

## El Monte Club To Visit Here

Palm Springs Kiwanis Club members today girded for their annual interclub luncheon party with the El Monte Kiwanis Club Tuesday.

Lunch time was noon at the Chi Chi and all Village Kiwanians were urged to turn out in force to meet the "invaders."

## Calectric Official Offers 5 Reasons Why Company Should Get Rate Raise

Five factors completely beyond the control of either the City of Palm Springs or the California Electric Power Company determine the company's existing electric rate structure in this city and the necessity for requesting a system-wide increase, Francis Crocker, Calectric Palm Springs district manager, said today.

Three of these uncontrollable factors, said Crocker, dictate the company's present rate structure. These factors are customer density, fluctuating or seasonal use of electricity, and distance from electric generating sources, he said.

"PALM SPRINGS unfortunately, has a low customer density, a seasonal load and is many miles from a point of power generation, while other Southern California cities selected for comparison are favored by at least two of these factors," Crocker said.

Crocker explained the three factors as they affect Palm Springs: 1. Low customer density—"Palm Springs has a low customer density. The greater the concentration of customers the lower the amount a utility must invest to bring the customer electricity and the lower the cost of serving the customer."

2. SEASONAL LOAD—"Many of our homes and businesses in

Palm Springs are closed for several months each year and during that period the company receives little or no revenue from these accounts. But at the same time the company must maintain all of its facilities in Palm Springs the full 12 months of the year."

3. Distance from power generation—"Palm Springs is situated many miles from a source of power generation, unlike cities in the Los Angeles metropolitan area which are within a few miles of power generating facilities. The further a community is from a power generating source, the greater the costs of bringing electricity to that community."

THE TWO FACTORS that make it impossible for the company to avoid asking for a rate increase are increased fuel costs and the general effects of inflation, Crocker said.

The company's application seeks an increase of 1.7 mills per kilowatt-hour, which Palm Springs City Council has said it will oppose.

**"Uncle John" Is Coming To Town**

before the Public Utilities Commission.

"By increasing efficiency of operation the company has been partially able to withstand the present inflationary pressures—the same pressures to which all of us from city government, to business, to individual are being subjected. But a recent and very large increase in the price that Calectric is forced to pay for fuel used in the generation of electricity makes it no longer possible to withstand these pressures," Crocker said.

CROCKER LIKENED inflationary pressures on Calectric to those on "Everyone in the community."

The cost of living has risen on every side. The basic commodities and necessities of life have risen at a considerably higher rate than electricity. And at the same time, all of the material that goes into electric facilities Calectric has built to keep pace with Palm Springs growth has risen in cost. For example, the company pays 65 per cent more for fuel oil today than it did in 1955; 16 per cent more for wood poles; 25 per cent more for insulators; and 10 to 62 per cent more for transformers."

Crocker cited increased property taxes as another example of inflationary pressure on the utility.
